

WEEK 1
04/09/2019

1. Species carminativa pro infante

FoNoVII.

(Spec. carminat. pro infant.)

Name (Ph. Hg. VII.)	full dose	Name (Ph. Hg. VIII.)
Chamomillae anthodium	50.0 g	Matricariae flos
Anisi vulgaris fructus	20.0 g	Anisi fructus
Foeniculi fructus	20.0 g	Foeniculi dulcis fructus
Menthae piperitae folium	10.0 g	Menthae piperitae folium

Labeling: Carminative tea blend for children. If necessary it can also be given to infants.
Children's medicines.

Expiration: 6 months

Indication: Carminativum. Phytotherapeuticum.

2. Species crataegi composita

FoNo VII.

(Spec. crataeg. comp.)

Name (Ph. Hg. VII.)	full dose	Name (Ph. Hg. VIII.)
Crataegi summitas	30.0 g	Crataegi folium cum flore
Crataegi fructus	30.0 g	Crataegi fructus
Melissae folium	20.0 g	Melissae folium
Lavandulae flos	10.0 g	Lavandulae flos
Visci albae stipes/Visci herba	10.0 g	-

Labeling: Sedative tea blend. Apply after meal.

Expiration: 6 months

Indication: Sedativum. Cardiotonicum. Phytotherapeuticum.

3. Species uvae ursi

(Spec. uvae ursi)

FoNo VII.

Name (Ph. Hg. VII.)	full dose	Name (Ph. Hg. VIII.)
Uvae ursi folium	25.0 g	Uvae ursi folium
Herniariae herba	25.0 g	-

Labeling: Diuretic tea blend.

Expiration: 6 months

Indication: Urodesinficiens. Diureticum. Phytoterapeuticum.

4. Magistral species

magistral preparation

Name (Ph. Hg. VII.)	full dose	Name (Ph. Hg. VIII.)
Chamomillae anthodium	5.00 g	Matricariae flos
Tiliae flos	5.00 g	Tiliae flos

Labeling: Expectorant tea blend.

Expiration: 6 months

Indication: Expectorans Phytoterapeuticum.

5. +Suppositorium haemorrhoidale (full dose)

FoNoVII.

(+Supp. haemorrhoid.)

Name (Ph. Hg. VII.)	full dose	Name (Ph. Hg. VIII.)
Ephedrinium chloratum	0.30 g	Ephedrini racemici hydrochloridum
Lidocainum	0.80 g	Lidocainum
Bismuthum subgallicum	1.00 g	Bismuthi subgallas
Zincum oxydatum	1.00 g	Zinci oxidum
Acidum silicicum colloidale hydrophyllum	0.50 g	Silica colloidalis anhydrica
Balsamum peruvianum	1.00 g	Balsamum peruvianum
Oleum ricini	0.40 g	Ricini oleum
Adeps solidus 50	qu.s.	Adeps solidus

for 10 suppositories

Labeling: Suppository. Insert one or two suppositories every day. Keep in a dry cool place.

Expiration: 6 months

Indication: Antahaemorrhoidalis adstringens. Anaestheticum, Antiphlogisticum.

6. Magistral suppository (5 supp.)**magistral prep.**

Name (Ph. Hg. VII.)	full dose	Name (Ph. Hg. VIII.)
Nitromint tablet	No. II	-
Acidum silicicum colloidalis hydrophyllum	0.10 g	Silica colloidalis anhydrica
Adeps solidus 50	qu.s	Adeps solidus

Labeling: Suppository. Insert one or two suppositories every day. Keep in a dry cool place.

Expiration: 6 months

Indication: Antihaemorrhoidalis adstringens.
